

December 23, 2017

A Message from Councillor De Baeremaeker

Please accept this letter as my full support for the 2017 Inclusive Arts Fest hosted by the Artists & Artisans Development Network that is to be celebrated at the Scarborough Civic Centre this December 23 & 24, 2017.

As the Toronto City Councillor for Ward 38 and Deputy Mayor, Toronto East, I am proud to support this event as it celebrates the diversity of our community by sharing unique art with residents from all of Toronto. It has been a wonderful event hosted in Scarborough for many years and I am very happy to see it return for what I am sure will be another successful event.

As I am sure you know, this community is home to a vibrant mix of residents from many different ethnic backgrounds. Therefore, I give my full support to this event that welcomes and invites neighbours of all ethnicities to celebrate Scarborough's rich cultural diversity through arts, crafts and performing arts.

I would like to congratulate all those participating in this year's event and wish all members continued success.

Cheers,

Glenn De Baeremaeker
City Councillor, Ward 38
